***VISION PROVIDER DIRECTORY***

# Vision Provider Directory

Your Vision Plan gives you access to Spectera Eyecare Networks. If you have any questions or if you need help with language translation, please contact Customer Service at 1-800-638-3120.

---

This directory includes a list of our participating vision care providers. The information about each provider includes:

- Provider name, address and phone number
- Foreign languages spoken, if any
- Accessibility for people with disabilities

Any provider included in this directory is listed for outpatient services. In addition, the directory includes information regarding whether the provider is currently accepting new patients.

All network providers accept new patients at the locations listed. Spectera Eyecare Networks cannot guarantee the continued participation of vision care providers currently listed in this directory. Network availability may vary from state to state and a specific vision care provider's contract status may be updated when we receive new information. In addition, only the office locations listed are in your network. Visiting a vision care provider at any other location may result in reduced benefits, therefore, before you receive care, we recommend that you verify with the vision care provider that they are still contracted with the network and provide all benefits and discounts at the location you are planning to visit. When a provider leaves the network, your out of network benefit will apply. As soon as a provider's status changes, your cost share will increase.

The information included in this directory is updated monthly. Please call our Provider Locator Service at 1-800-839-3242 or visit <https://www.myuhcvision.com> for up-to-date provider information or to report inaccurate information.

---

## Meeting Our Quality Standards

You can have confidence in knowing that you are receiving care from vision care providers who have been carefully selected for participation in our network. All vision care providers undergo a rigorous review process prior to being accepted into our network, which includes:

- Education, training and experience in Ophthalmology or Optometry
- Licensure, certification and other requirements
- Malpractice history

This process assures that each vision care provider has the required credentials to participate in the network.

---

## How We Build Our Vision Network:

Our vision network consists of a variety of provider types across the country: from large, national brands to small, independent practitioners. To ensure all members have access to providers who meet their needs, we look at the number and distribution of network access points in specific areas. We make outreach to providers as needed in order to recruit them to our network. We also accept requests from employers, members and providers to accommodate needs and preferences.

If you do not see your local eye care provider as part of our provider network search results and would like to suggest that they become part of your Vision plan network, please contact Customer Service at 1-800-638-3120.

ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Please call 1-800-638-3120.

ATENCIÓN: Si habla **español (Spanish)**, hay servicios de asistencia de idiomas, sin cargo, a su disposición. Llame al 1-800-638-3120.
