Free After-School Care Program 2023/2024 School Year

In collaboration with the Town of Ashford, Ashford School is pleased to share that we are running a pilot after school care program for students in grades K-6 at Ashford School. For this year, this program is **FREE** of charge.

This program is available from 3:15 pm-6:00 pm and runs only on days that school is in full session. Keep in mind, your child may only participate in the program on days they present in school, and again, the program is only open on full school days.

If your child takes part in school activities, they are welcome to attend the After School Program after they are done with that activity. Please be sure to contact the school office to communicate this information. Enrollment is limited to 20 students and students will be admitted on a first come first serve basis.

As of September 15, there are 12 slots available.

Those who have registered for the program and have students enrolled in the program do not need to complete a new form. The date and time of the first child you register is the time that will be used to reserve your spot or spots.

Program elements include a healthy snack, physical fitness, academic support and social activities every afternoon.

If you are interested in having your child participate in the After-School Program at Ashford School, please click the link below to complete the registration form. You must complete a separate form for each child that you would like to enroll.
