

Technology Curriculum 2026

	Trimester 1	Trimester 2	Trimester 3
Grade 1	<p>Understand classroom technology rules and expectations</p> <p>Log into devices with support</p> <p>Identify basic computer parts</p> <p>Develop mouse control and arrow key navigation</p> <p>Build keyboard familiarity</p> <p>Practice beginning typing skills</p> <p>Demonstrate basic digital citizenship awareness</p>	<p>Recognize keyboard layout and key locations</p> <p>Improve mouse accuracy and control</p> <p>Use digital tools to create simple designs</p> <p>Use digital tools to practice grade level skills</p> <p>Strengthen typing accuracy</p>	<p>Create simple digital artwork and patterns</p> <p>Demonstrate creativity using digital tools</p> <p>Improve mouse precision</p> <p>Increase typing confidence and fluency</p> <p>Practice coding with simple tasks</p>
Grade 2	<p>Follow classroom technology rules and procedures</p> <p>Log into digital platforms independently</p> <p>Understand basic computer and technology vocabulary</p> <p>Demonstrate responsible digital citizenship</p>	<p>Identify keyboard layout and key placement</p> <p>Strengthen mouse control and navigation</p> <p>Apply creativity using digital tools</p> <p>Use digital tools to practice grade level skills</p>	<p>Create digital designs and patterns</p> <p>Demonstrate problem-solving through technology tasks</p> <p>Improve mouse precision</p> <p>Continue developing typing fluency</p>

	<p>Develop mouse navigation and control</p> <p>Build foundational typing skills</p>	<p>Increase typing speed and accuracy</p>	<p>Practice coding with simple tasks.</p>
Grade 3	<p>Use word processing tools to create typed documents</p> <p>Apply basic document formatting</p> <p>Demonstrate responsible technology use and digital citizenship</p> <p>Communicate ideas through digital writing and recordings</p> <p>Develop creativity with digital design tools</p> <p>Improve typing accuracy</p>	<p>Develop introductory research skills</p> <p>Use keywords to locate information online</p> <p>Organize information from digital sources</p> <p>Continue typing development</p>	<p>Present ideas using digital media and recordings</p> <p>Create digital artwork and design projects</p> <p>Demonstrate communication skills using technology</p> <p>Improve typing fluency</p> <p>Practice coding with simple tasks.</p>
Grade 4	<p>Use productivity tools such as word processing and presentation software</p> <p>Create and edit digital slideshows</p> <p>Demonstrate healthy technology habits and digital citizenship</p>	<p>Apply text formatting skills in digital documents</p> <p>Conduct online searches using keywords</p> <p>Practice effective web search strategies</p>	<p>Conduct research and organize information</p> <p>Create and present digital slideshows</p> <p>Design digital posters or visual presentations</p>

	<p>Track typing progress and set goals to improve typing skills</p> <p>Communicate ideas through digital writing</p>	<p>Evaluate information from online sources</p> <p>Apply creativity in digital design projects</p> <p>Continue typing development</p>	<p>Demonstrate introductory coding concepts</p> <p>Increase typing speed and accuracy</p>
Grade 5	<p>Create organized presentations using slide software</p> <p>Communicate through digital classroom platforms</p> <p>Demonstrate email etiquette and digital communication skills</p> <p>Apply text formatting in documents</p> <p>Set goals to improve typing efficiency</p>	<p>Develop digital storytelling skills</p> <p>Demonstrate responsible digital citizenship</p> <p>Conduct guided online research</p> <p>Organize and summarize digital information</p> <p>Apply creativity in digital design projects</p> <p>Continue typing development</p>	<p>Conduct research and organize findings</p> <p>Cite sources and practice responsible information use</p> <p>Design digital posters and visual presentations</p> <p>Understand introductory coding concepts</p> <p>Apply coding logic and problem-solving skills</p> <p>Increase typing fluency</p>
Grade 6	<p>Create digital projects that communicate personal ideas and goals</p>	<p>Develop note-taking and paraphrasing skills</p>	<p>Create multimedia projects such as animations or videos</p>

	<p>Develop introductory spreadsheet skills</p> <p>Practice professional email communication</p> <p>Demonstrate creativity using digital design tools</p> <p>Set goals to improve typing speed and accuracy</p>	<p>Conduct structured research projects</p> <p>Identify and cite credible sources</p> <p>Apply digital design skills to visual projects</p> <p>Organize and present research findings</p> <p>Continue typing development</p>	<p>Edit and revise digital documents</p> <p>Apply coding concepts to solve problems</p> <p>Demonstrate collaboration and creativity through digital media</p> <p>Increase typing fluency</p>
Grade 7	<p>Design digital graphics and simple animations</p> <p>Demonstrate professional email communication</p> <p>Practice responsible digital citizenship</p> <p>Use spreadsheets to organize and analyze information</p> <p>Set goals to strengthen typing speed and accuracy</p>	<p>Create interactive digital presentations</p> <p>Produce and edit simple videos</p> <p>Demonstrate creativity and critical thinking in digital design</p> <p>Organize information for presentations</p> <p>Continue typing development</p>	<p>Apply graphic design principles to digital projects</p> <p>Communicate ideas visually using digital media</p> <p>Organize information chronologically using timelines</p> <p>Practice effective note-taking and paraphrasing</p> <p>Conduct research and cite sources</p> <p>Increase typing fluency</p>
Grade 8	<p>Conduct interviews and organize</p>	<p>Use digital mapping and geographic tools</p>	<p>Conduct independent research and cite sources</p>

	<p>information digitally</p> <p>Demonstrate professional email communication</p> <p>Practice responsible digital citizenship</p> <p>Organize and analyze information using spreadsheets</p> <p>Set goals to strengthen typing speed and accuracy</p>	<p>Practice note-taking and paraphrasing for research</p> <p>Apply graphic design principles in digital creations</p> <p>Communicate information visually through design</p> <p>Continue typing development</p>	<p>Design infographics to communicate information</p> <p>Create and publish digital websites</p> <p>Apply digital communication and presentation skills</p> <p>Demonstrate advanced typing fluency</p>
